**Interested in learning about Hispanic
and other minority health issues?**

***Join us to learn about the HSHP
Graduate Fellowship Training Programs!!!***

**University of Miami
Miller School of Medicine
Room: CRB 975
Wednesday, January 14, 2015
Time: 12:00 pm – 1:00 pm**

Hispanic-Serving Health Professions School (HSHP) offers several paid and unpaid training programs located across the United States and Latin America in government agencies and academic institutions. The programs are designed to enhance the fellow's knowledge about Hispanic and other minority health issues, increasing the fellow's research and professional skills, and provide opportunities to network with other health professionals.
